

Your farmers market opens May 12 with some modifications, in compliance with state health guidelines.

Here's what to expect.

- **WE'LL HAVE FOOD VENDORS ONLY** — no crafts — selling produce, meats and eggs, pre-packaged food and beverage products like breads and baked goods, jams and pickles, syrups, salsa, pesto and teas for off-site consumption only. Check our Facebook postings for participating vendors.
- **ONLINE OR PHONE ORDERS ARE PREFERRED** for pick-up at the market from individual vendors. In-person shopping will be available, but please bring exact change or a check if possible to avoid making change. EBT/SNAP, Credit and Debit transactions will be offered.
- **COME PREPARED AND SHOP QUICKLY.** Use the marked entrance and exit, and move through the market in one direction, keeping 6 feet away from vendors and other shoppers. We're excited to see you, but please don't linger, and wear a facial covering. This is the time for tactical shopping strikes — we'll socialize when this is all over!
- **PROPER HYGIENE WILL BE PRACTICED.** A hand washing/sanitizing station will be located at the entrance and the exit. Vendors will be masked and gloved. Customers may not handle products. Shop with your eyes, and the vendors will bag your purchases for you.

Be Well & Stay Healthy With The Farmers Market!

Tuesdays Starting May 12, 3-6 P.M. On The Common

Debit, Credit and EBT cards accepted
