

Northfield Energy Committee

December 3, 2019

Present: NEC Members - Jane Pekol, Denise MacMartin, Gail Hall, Sarah Wolfe

The meeting was called to order at 6:30 p.m. by Chair Jane Pekol.

Minutes from the November 19, 2019 meeting were approved

Kiosk Update: Gail gave an update on the kiosk plans, including her presentation to the Select Board.

Commuter Bus: The fate of the GMT Northfield Commuter bus was discussed at some length, given the discussion that took place at the recent select board meeting. There was consensus that we should reach out to GMT for more information, follow-up with riders, and continue our advocacy for this transportation option to remain in place for the coming year.

Survey: A total of 43 survey responses were received. Sarah will compile the data and report out to the committee, then we will determine how to share with the community. Survey respondent Pat Meehan was the winner of the \$50.00 gift certificate from Kenyon's.

Transportation Week: Tasks were determined and assigned. The opening event, the Transportation Fair, will be scheduled for the Farmers Market on March 1.

VECAN Conference: Denise will attend and report back to the committee.

Recap of 2019: Jane will begin work on a draft report of our submission for the Town Report.

The meeting was adjourned at 7:30.

Respectfully submitted,
Denise MacMartin
NEC Secretary
